Penneys Great Collection lets you MIX 'N' MATCH

Check the next 7 pages! Whether you're the active man who is out on the green every weekend, or the guy who likes to relax in comfort, we planned an exciting wardrobe for you.

We took bold colors that go together or mix with one another. They're trend-setting colors.

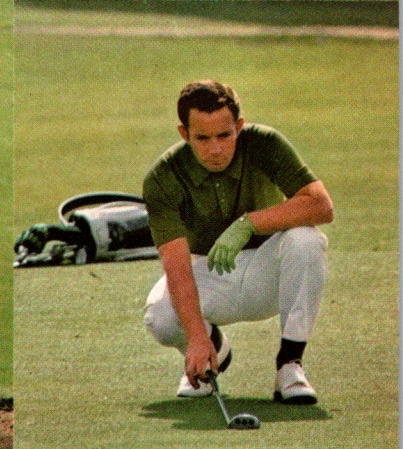

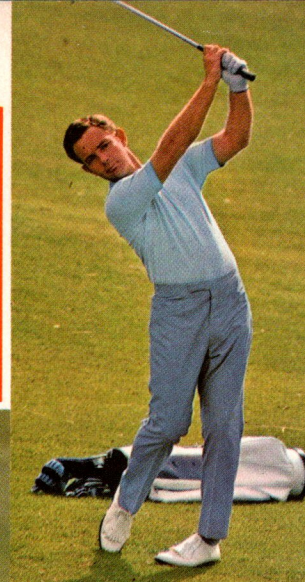

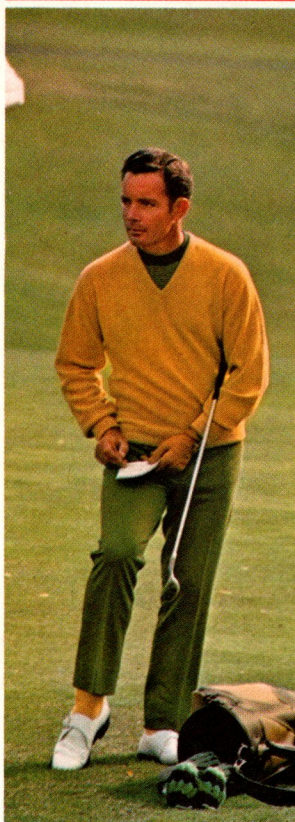

We teamed them up with solids and stripes, checks and plaids. We left nothing out.

We gave careful attention to style—the traditional as well as the new.

And for the golfer, we matched hats and gloves, shoes and bags. It's a totally coordinated look.

Browse through our collection. It's truly a complete one.

See Bruce Crampton, winner of the 1969 Hawaiian International Open, wearing this collection of outstanding clothing on the 1970 PGA tour.

Pro golfer BRUCE CRAMPTON is the man to watch—on the course and on these pages!

JACK NICKLAUS OUTFIT. Irons feature: back-design to put weight behind the ball; deluxe framed and sand-blasted hitting area. Woods feature: weather-resistant laminated heads; deluxe rosewood finish; high-impact-plastic face insert. Choice of lightweight steel or aluminum shafts. The selection's here, the choice is yours.

ALUMINUM SHAFTS: These pro-type, step-down clubs are recommended for the average golfer and low-handicap player. The lightweight shafts have more weight added to the heads—you get a faster swing than with steel-shaft clubs, without an increase in effort. Leather grips. Outfit includes 3 woods (#1, 3, 4) and 8 irons (#2-9). Complete outfit not mailable—read about shipping, page 174. RH aluminum only.

LIGHTWEIGHT STEEL SHAFTS: These clubs give the flex action of conventional steel clubs but have more weight added to the heads for more power behind each swing—you get extra distance with each drive. Lighter shafts make for less total weight—result is greater head speed. If you prefer the flex and feel of steel, these clubs are for you. All-weather grips. Outfit includes 3 woods (#1, 3, 4) and 8 irons (#2-9). Complete outfit not mailable—read about shipping, page 174. RH steel only.
